

QUESTPAK BOXES: MULTI-SIZE AND USE

Convenient 5, 10, 20, 30 & 55 gallon boxes that are UN rated for solid materials.

The QuestPak allows you to manage your smaller jobs and labpacking needs more efficiently while reducing your container costs. Five convenient sizes are available. Our best alternative to conventional drums and pails for overall container cost, disposal cost, and storage space.

- All options include: polyethylene liner, ties, and closure instructions.
- Easily transported to and from the job site.
- Different sizes allow for different size clean-ups to maximize the use of each container
- Squared dimensions improve the use of storage and transportation space, when compared to the equivalent round drum, by up to 27%.
- No pallet required. Ship knocked down.
- Distinguishable colored liner for ease of visibility & size differential.
